III. MAJOR REQUIREMENTS............................................................................................................. ....................................63
   2.0 major GPA is required for graduation. Major GPA calculation will include all courses taken in the major
department, plus any other courses under III. Minimum of 18 semester hours of courses taken to fulfill major
requirements must be courses offered by Appalachian. No more than 40 semester hours of Geology courses may
be counted toward the BA Degree. Since many upper level Geology courses require GLY 1101 and GLY 1102 as
prerequisites, it is highly recommended that students complete these courses during their freshman year.

During the senior year the B.A. student must take and achieve a satisfactory score on a COMPREHENSIVE
EXAMINATION covering theoretical and practical aspects in areas of geology. Students who are unsuccessful on
portions or all of the examination may retake appropriate portions up to two additional times prior to graduation.
